

UNIPRIM

innovative primers for
digital decor printing

THE ESSENTIAL QUALITY FACTOR!

Digitally printed decor paper of supreme quality is now achievable and affordable thanks to our licensable UNIPRIM technology. This dual or single layer primer **prevents ink bleeding and ensures high image sharpness, contrast and color intensity**. Additionally, UNIPRIM is dust-free and compatible with standard production processes.

INK CONSUMPTION REDUCED BY UP TO 18%

HIGH IMAGE SHARPNESS WITHOUT BLEEDING

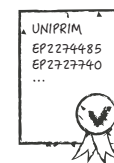

HIGH CONTRAST AND COLOR INTENSITY

NO DUST = NO BLOCKED INKJET NOZZLES

COMPATIBLE WITH STANDARD MELAMINE PROCESS

PATENTED SOLUTION
